The screenshot shows the Jira Software interface in a web browser. The top navigation bar includes links for Safari, File, Edit, View, History, Bookmarks, Develop, Window, Help, and several tabs for different projects and documents. The main header features the Jira logo, a search bar, and a 'Create' button. On the left, a sidebar for the 'AFS-220 Software project' displays sections for PLANNING (Roadmap, Board), DEVELOPMENT (Code), and other project management tools like Project pages and Add shortcut. The central area is titled 'A220 board' and shows a Kanban-style board with three columns: 'TO DO 4 ISSUES', 'IN PROGRESS', and 'DONE 6 ISSUES'. Each column contains a list of tasks, some with checkmarks and labels like 'PAY' or 'TRACK'. A modal at the top right encourages users to try a Standard plan. The bottom of the board has a '+ Create issue' button.
