The screenshot shows the Jira Software interface in a web browser. The top navigation bar includes links for Safari, File, Edit, View, History, Bookmarks, Develop, Window, Help, and several tabs for different projects and documents. The main header features the Jira logo, a search bar, and a 'Create' button. A banner at the top right encourages users to try the Standard plan.

The left sidebar displays the project 'AFS-220' as a 'Software project'. It has sections for 'PLANNING' (Roadmap, Board), 'DEVELOPMENT' (Code), and 'Project pages' (Add shortcut, Project settings). A message at the bottom of the sidebar says 'You're in a team-managed project' and provides a 'Learn more' link.

The central area is titled 'A220 board' and shows a Kanban-style board with three columns: 'TO DO 4 ISSUES', 'IN PROGRESS', and 'DONE 6 ISSUES'. Each column contains a list of tasks, each with a status indicator (e.g., PAY, TRACK, BROWSE) and a checkmark. A '+' button is located at the bottom right of the board area.
